CLEC NETWORKS BY MSA

This attachment tabulates the number of CLEC networks in the 150 largest Metropolitan Statistical Areas (MSAs). It is based on the CLEC Report prepared by New Paradigm Resources Group (NPRG).

The data are from NPRG's latest report – the *CLEC Report 2004* – which describes CLEC networks as either “Operational,” “On-Net,” “Resale,” or “Planned.” We have tabulated only Operational and On-Net networks, both of which appear to involve the use of a CLEC's own facilities. CLECs operating On-Net networks are indicated in italics.

In some MSAs, the total number of Operational and On-Net networks exceeds the number of CLECs operating within those MSAs. This is due to the fact that, in some instances, individual CLECs operate multiple networks within the same MSA.
